

ANGELS

Sop 1 en Sop 2 – Alt – Tenor en Bas

1

I sit and wait
Does an angel contemplate my fate
And do the know
The places where we go
When we're grey and old

'cos I've been told oe --
That salvation lets there wings unfold salvation oe --
So when I'm lying in my bed lying in my bed
Thoughts running through my head oe
And I feel that love is dead feel that love is dead ---
I'm loving angels instead

2

And through it all and through it
She offers me protection aah aah
A lot of love and affection aah
Whether I'm wright or wrong whether I'm wright or wrong
And down the waterfall
Wherever it may take me aah
I know that life won't break me aah
When I come to call aah - when I come to call
She won't forsake me oe - - - -
I'm loving angels instead

3.

when I'm feeling weak aah
And my pain walks down
A one way street aah
I look above aah
And I **always know** I'll be blessed
With love aah

And as the feeling grows as the feeling grows
She breathes flesh to my bones ooh
And when love is dead and when love is dead
I'm loving angels instead

4.

And through it all and through it
She offers me protection aah aah
A lot of love and affection aah
Whether I'm wright or wrong whether I'm wright or wrong
And down the waterfall
Wherever it may take me aah

When I come to call aah - when I come to call
She won't forsake me oe - - - -
