

Adele - Set Fire to the Rain

Sopr 1 – Sopr 2 – Alt – Tenor (er is geen Bas)

I let it fall, my heart
And as it fell, you also claim it
It was dark and I was over
Until you kissed my lips and you saved me

My hands, they're strong
But my knees were far too weak
To stand in your arms
Without falling to your feet

But there's a side to you, that I never knew, never knew
All the things you'd say, they were never true, never true
And the games you'd play, you would always win, always win.

But I set fire to the rain
Watched it pour as I touched your face
Well, it burned while I cried
'Cause I heard it screaming out your name, your name

When I lay with you, I could stay there
Close my eyes, feel you here forever
You and me together, nothing is better

'Cause there's a side to you that I never knew, never knew,
All the things you'd say they were never true, never true,
And the games you'd play, you would always win, always win.

But I set fire to the rain
Watched it pour as I touched your face
Well, it burned while I cried
'Cause I heard it screaming out your name, your name

I set fire to the rain
And I threw us into the flames,
Well, it felt something died,
'Cause I knew that that was the last time, the last time

Sometimes I wake up by the door,
That hurt you caused must be waiting for you,
Even now when we're already over,
I can't help myself from looking for you,

oeh oeh
oeh oeh
oeh oeh
oeh oeh

I set fire to the rain
Watched it pour as I touched your face
Well, it burned while I cried
'Cause I heard it screaming out your name, your name

I set fire to the rain
And I threw us into the flames,
Well, I felt something die,
'Cause I knew that that was the last time, the last time
